# THE GREEN & GOOD RANGE: 15 YEARS OF CONSCIOUS INNOVATION

---

For over 15 years, the **Green & Good** range has been at the forefront of the eco-friendly movement. This collection is defined by a long-standing commitment to sustainability, transparency, and the belief that promotional products should leave a positive mark on the world.

Through nearly two decades of building trusted partnerships with specialized producers, this range offers more than just what is found within these pages. The extensive supply chain behind the collection allows for the sourcing of a vast array of bespoke, environmentally conscious items tailored to specific needs.

## LOCALIZED PRODUCTION FOR A SMALLER FOOTPRINT

To ensure the highest environmental standards, the majority of the **Green & Good** range is **manufactured within Europe**. By prioritizing proximity, the collection helps to:

- **Minimize Travel Miles:** Drastically reducing the distance from factory to end-user.

- **Lower Emissions:** Actively contributing to a reduced carbon footprint for every project.
- **Support Local Industry:** Ensuring shorter lead times and rigorous quality oversight.

## OUR CORE SOURCING PRINCIPLES

Every item in this catalogue is selected based on a philosophy of respect—for the people who make them and the planet that provides the materials.

- **Supporting Fair Livelihoods:** Partnering with facilities that guarantee fair, legal wages and provide safe, supportive working environments.
- **Upholding Human Dignity:** Ensuring a supply chain that is free from child labor and where human rights are fundamental.
- **Prioritizing Product Health:** All items are produced without harmful toxins, including prohibited AZO dyes, formaldehyde, or nickel.<sup>1</sup>

- **Responsible Material Sourcing:** A focus on organic raw materials<sup>2</sup> and ethically traded components purchased at rates above the market standard.<sup>3</sup>

## VERIFIED STANDARDS & CERTIFICATIONS

- **Oeko-Tex® 100 Certified:** All cotton bags in the range are certified to be free from harmful chemicals, ensuring safety for the user and the environment.
- **SMETA Audited:** Cotton and jute facilities are independently audited to maintain the highest levels of social and ethical responsibility.

Choose **Green & Good™** for products that reflect a commitment to a cleaner, fairer, and more sustainable future.

**Be Green & Good.**
